

LEGAL INFORMATION RELATIVE TO YOUR APPLICATION TO #ESA23

Your data will be processed by student and staff members of the European Universities Community Operational Committee, and by authorized staff members from your university or from the European University Alliance in which your university is participating. It will be used in the specific context of the European Student Assembly 2023 (#ESA23) and will not be disclosed nor shared with third parties.

Data protection measures

- To apply for #ESA23 you must complete the questionnaire provided . Your participation is optional and you can stop filling in the questionnaire at any time, without explanation.
- None of the personal data collected by EUC can be published or made public in such a way that participants can be identified. Data used for statistical purposes are anonymised.
- Data access rights will be limited and only accessible to EUC and authorized staff members from your University or European University Alliance. They will be secured by a personal identifier and a password.
- The data collected are saved on encrypted servers and on the encrypted stations of student and staff members of the ESA Steering Committee.

Retention of data

Data will be kept until the end of the #ESA23 in late 2023, and then deleted unless you express the will to participate in other EUC activities. Collection of data will not lead to additional future data processing without your consent.

GDPR Rights

In accordance with the General Data Protection Regulation 2016/679, you have rights (information, access, modification, and deletion of your data). To exercise your rights or for any questions, please write to constance.chevallier-govers@univ-grenoble-alpes.fr.
